# Central Region Director's Message

---

Welcome to the 7<sup>th</sup> Annual Central Region meeting of the Association of Desk and Derrick Clubs. I am grateful and honored to be serving as your representative on the Association Board and as your 2025 Central Region Director.

The Tulsa Club and I are excited to see you all cruising up Route 66 for a fun and educational weekend. This is a perfect time to catch up and make memories with new and old friends.

The Tulsa Club has been hard at work preparing for this amazing weekend with field trips to the Tulsa Port of Catoosa, D. W. Correll Museum, and cruising down Route 66. Then get ready for a fun night of games and fellowship. Please take a moment to show your appreciation to the host club. They have worked so hard to make this a memorable weekend for all of us.

I hope you all take a moment to share with others everything you hold close to your heart about ADDC, all the memories you have gathered from being a member. This is the best time to encourage others to talk about all the advantages that the association has brought you as a member.

I want to take a moment to send out a big welcome to all the FIRST TIMERS! I'm very eager to meet each one of you. You have taken a big step to join all of us, I look forward to building long-lasting friendships with you. I remember my first regional meeting; I learned so much from the field trips; including hands-on experience in the field and lasting relationships. I hope your first region meeting brings you all the same joy. I'm excited to hear all your firsthand experiences and new ideas. Welcome to the Central Region and to ADDC!

Sincerely,  
Nichole Harney  
2025 Central Region Director

## FIELD TRIPS

Friday, April 25, 2025

8:00 AM-5:30 PM (Dutch Lunch)

Dress Attire: Please wear closed toe shoes.

### Tulsa Port of Catoosa:

Did you know that Tulsa has an inland river-port? The Tulsa Port of Catoosa is a multi-modal shipping complex (Barge, Boats, Rail or Truck) and is one of the largest, most inland river-ports in the United States. In 1971 the Tulsa Port of Catoosa and the McClellan-Kerr Arkansas Navigation System opened for operations. After fifty plus years the port employs more than 3,000 people with an average of 82 million tons of freight passed through the port. On the tour we will see John R. Stuart Maritime Park and the Charley Border dry-docked towboat. The Charley Border was the first towboat purchased by the Port Authority. This towboat held a huge role for the port. The towboat spent 27 years switching barges in the 1-3/4 mile channel of the Tulsa Port of Catoosa.

### D.W. Correll Museum:

Now let's take a trip down Route 66 and memory lane to D.W. Correll Museum. Here you will explore two (2) buildings with a wide range of interesting collections. You will get to experience a rare and interesting assortment of rocks, gems, fossils and minerals from all around the world. When you think of the past what do you think of? Vintage cars? Yes, me too! The Second building is where you will find the antique automobiles, from toy tractors to a 1902 Oldsmobile Runabout, and an 1898 Locomotive Steam Engine.

Continuing our trip down Route 66, we will stop for lunch at Senor Pancho Cuisine & Cantina. This will be a Dutch Treat. After lunch we visit one of the most recognizable attractions on old Route 66, the Blue Whale. This whale was built by Hugh Davis as a surprise anniversary gift to his wife Zelta, as she collected whale figurines. As we head back to Tulsa we will stop by the fairgrounds and visit the 76-foot-tall Golden Driller. If time allows, we will stop at a souvenir shop to do a little shopping.

We hope you can join us on this educational trip. We can't wait to see you all!
